

Colorado Parks and Wildlife and The State Historical Fund

Staunton State Park Cultural Resource Preservation and Rehabilitation Project

Colorado Parks and Wildlife is proud to announce that the State Historical Fund has awarded Staunton State Park a Preservation Planning Grant for over \$100,000. This money will be invested into planning for the future preservation and rehabilitation of seven historic structures. The purpose of this project is to enhance the park visitor's experience by preserving and protecting these cultural resources for current and future generations to enjoy and learn from.
